Under the prize court ruling Mme. Lebaudy and the other claimants will have to pay the costs of the trial. Lebaudy, known in Paris also as

"the Little Sugar Plum," inherited \$15,000,000 from his father, a wealthy sugar refiner. In 1903 he enlisted fifteen men on his private yacht, sailed to Northwest Africa and there proclaimed himself Emperor of the Sahara. He was driven out by the French government and much of his property was confiscated.

In 1915, while living on Long Island, Lebaudy raised an army of messenger boys and declared war on Nassau county. He was captured and placed in the Kings Park Asylum, from which he was released in September of last year.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphates before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feed your best day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and refreshes the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.
